700 AUTOMATIC-PNEUMATIC NUMBERING MACHINE

Machine suitable to stamp and number with coloured bands too: belts, straps, etc.

Technologically advanced, it is equipped with:

- regulating guide to center on the numbering;
- stamping system with regolable end-material sensor;
- heat-regulator by electronic heat-control with feeler (recommended heating 100/110 degrees);
- electronic push-counter;
- sure control with two push-buttons with synchro-time regulator as CEE specifications;
- numbering body with 6 disks + 2 stamps-holder + 1 disk measure;
- adjustable band transport by easy screwing start ring;
- stamping time regulator.

The machine is supplied with stand, with micro switch control on electronic panel and SMC pneumatic-system.
