

Divide/Line C1520 splitters are designed and manufactured accordingly to the main principles of Camoga products:

QUALITY of materials and of manufactured components allow to achieve and keep high performances for a long time.

SIMPLICITY of use and maintenance to limit the unproductive stops and the operation expenses.

Therefore they are very **RELIABLE AND FLEXIBLE** machines, because without restriction of quality, they allow high productivity with a perfect adaptation for the different working methods and the different features of all kind of materials.

The wide range of models available meet all requirements, from the small firm to the big industry.

Features

- Automatic knife feeding
- No knife trend setting ●●
- Grinding unit
 - easy: single micrometric control ●●
 - automatic dressing with simultaneous increase on both stones
 - flexible: fast setting of bevel width ●●
- Guide gibs group with automatic adjust.
- 2 exhausters: for emery dust and working scraps
- Moving wheel on precision roller guides ●●
- Working pressure fast adjustment ●●
- Digital thickness readout ●●
- Handbook and service tools
- Safety devices compliance with CE standards
- Low noise level
- Access to all components for a easy maintenance
- Life lubricated mechanical components
- Features introduced by Camoga for the first time

Model

C1520

Feeding Speed	Vario
Upper Feeding	Std
Working Pressure	Pneumatic
Alarms	Touch screen
Instr. & Messages	Touch screen
Installed Power	12 kW
Net weight	3.500 kg
Gross weight	4.200 kg
Dimensions	3.5x2.0x2.1 m
Case dimensions	3.7x2.22x1.98 m

Technical Data

Working Width	1520 mm
Max Thickness	8 - 30 mm
Min Thickness	0.2/0.8 mm
Knife Dimension	1.0*90*7310 mm
